

Guardian is a South Australian owned and operated business. We've been around for 13 years now, and have been very successful. Our clients appreciate the service and expertise they receive from us, and they like fact that we're locals. It makes a big difference to them knowing we're in Adelaide – we share a common background (and can recommend some excellent wineries).

And what we do is arrange all kinds of insurance cover for individuals and businesses. Everything from Travel Insurance to Professional Indemnity, Car Insurance to Directors Liability, it's all handled by us on your behalf.

Your Personal Insurance Broker
GUARDIAN
when it really matters

Yes. We are an Insurance Broker.

But we'd like to think we offer a bit more than just a range of insurance policies. Everyone's circumstances are different, so, naturally, everyone's insurance requirements are different. At Guardian, we assess your requirements, and then suggest which policy is best for you.

The great thing about dealing with us is we do all the running around for you. And that applies to renewals and handling claims as well as finding the right cover. We know you've got more important things to do with your time than chase after insurance companies. We're happy to act as your advocate. After all, we know the insurers well, and we can get matters sorted very quickly. It just makes everything easy.

We'll get to know you, and you'll get to know us.

What we do really well is form relationships with our clients, ones that work on a person to person basis. You'll have your own qualified broker to help in all aspects of insurance – someone who is your adviser, your representative and your point of contact.

When you ring us, a person will answer. There are no recorded voices or menu options – it's all about people at Guardian.

We'll let you know what's going on.

Communication – it seems to be a dying art.
But not a Guardian.

We believe in keeping people informed – it's so much easier when everyone knows what's going on. We'll keep you updated on new products or any changes to your cover. If you make a claim, you'll be kept in the loop while we handle the claim for you. It's just common (or maybe not so common) courtesy.

Effective communication saves time and money, so getting it right is good for us and for you.

The option of monthly payments.

We've found some people prefer to pay their insurance in one big hit, while others like to spread the premium over twelve months. It makes no difference to us – it's just nice to have the option – and you don't pay any more to pay by the month.

When it really matters.

At Guardian, we're dedicated to giving you the best service and products available – not just in Adelaide, but anywhere.

We know that when it really matters, we'll be there for you.
